Great Hall
Brisbane Convention & Exhibition Centre
South Bank, Brisbane, QLD*

Opening Hours

12:00 pm - 8:00 pm, May 1, 2018
10:00 am - 5:00 pm, May 2, 2018
9:00 am - 3:00 pm, May 3, 2018

Invitation

Visit us at Booths 27 and 28 to see the latest Pertronic Fire Detection and Alarm Products

The Pertronic F220 Fire Indicator Panel has a large 7-inch colour LCD display. The F220 exceeds the requirements of Australian Fire Alarm Standards by displaying the exact location of the source of an alarm.

Pertronic Industries manufacture three different remote displays for F220 systems. Each remote display is easily configured to present information from every panel on a Pertronic Net2 (F220) network, or from selected F220 Fire Indicator Panels.

FireMap 3.0 is the latest version of our high-performance fire system management application, with features such as Maplink for instant access to site-specific information.
