

100 mm 5 Watt Ceiling Speaker

Product Overview:

The **100 mm 5 Watt Ceiling Speaker BCS-CS4BW** is part of the latest 'Easy Fit' range. The BCS-CS4BW is light weight, quick and easy to install, and finished in an unobtrusive white with an attractive metal grille. The wide frequency range and dispersion ensures good quality music reproduction and excellent speech intelligibility.

The **BCS-CS4BW** has a one-piece dual-cone loudspeaker. A 100 VRMS matching transformer is mounted directly on the rear of the frame fitted with a safety cover & series capacitor. Connections are made using a screw terminal block designed for loop-through wiring. The BCS-CS is compatible with both legacy equipment and with new system designs. The BCS-CS assembly can be simply and quickly installed into a hole in the ceiling cavity. It is secured by four lead-clamps. A cutting template is packaged with each speaker.
