

200 mm 15 Watt Ceiling Speaker

Product Overview:

The **200 mm 15 W Ceiling Speaker BCS-CS8BW** is part of the latest 'Easy Fit' range. This product is light weight, quick and easy to install, and finished in unobtrusive white with an attractive metal grille. The wide frequency range and dispersion ensure good quality music reproduction and excellent speech intelligibility.

The **BCS-CS8BW** has a one-piece dual-cone loudspeaker. A 100 VRMS matching transformer is mounted directly on the rear of the frame. Connections are made using a screw terminal block designed for loop-through wiring. The BCS-CS8BW can be connected with or without the series capacitor, making it compatible with legacy equipment and with newer system designs.

The **BCS-CS8BW** can be simply and quickly installed into a hole in the ceiling cavity, being secured by four lead-screw rota-clamps. The speaker is supplied with a circular cut-out template, and a grill removal tool for quick access to the installation screws.
