

## Product Overview:

---

This desk microphone has a tapered low frequency response for articulate speech reproduction and enhanced clarity. This low impedance (600Ω) balanced microphone is fitted with a 2 metre lead and terminated with either a 5 pin DIN, 3 pin XLR or 5 pin XLR connector. The PTT switch has both momentary and lock-on positions. The C0379 includes a PTT mute switching pair.

**C0379**

## Specifications

---

» Polar Pattern	Cardioid unidirectional
» Impedance	600 Ohm
» Frequency Response	80 Hz – 12 kHz
» Sensitivity	-70 dB 3 dB
» Housing	Zinc diecast
» Weight	960 g
